Re: Huckabee for President, Inc.  
Committee Number C00431809

Dear Mr. Whyrick:

We are in receipt of your letters dated April 21, 2009 regarding Huckabee for President's September and November 2008 monthly reports and Year End 2008 report. This letter will serve to confirm the understanding reached during our telephone conversation on April 29, 2009.

On each of the referenced reports, Huckabee for President reported payments *from* Preferred Communications and *to* Preferred Communications on its reports. These payments were in connection with the sale of a mailing list to a commercial list broker and represent the amount paid to the Committee for the sale of the list and the amount paid by the Committee to the list broker as commission.

Payments to the Committee by Preferred Communications were each in the amount of \$15,000 and were reported on line 7 of the summary page (total receipts) and on line 20 of the detailed summary page (offsets to expenditures). The payments were itemized on schedule A-P (itemized receipts). These payments represented payments in satisfaction of a debt owed to the Committee, which was reflected on line 11 (debts owed to the committee) of the summary page and included on schedule D-P for line 11.

Payments by the Committee to Preferred Communications were each in the amount of \$1,500. These payments were reported on line 9 of the summary page (total disbursements) and line 23 (operating expenditures). These payments were not in satisfaction of a debt and therefore were not included on line 12 (debts owed by the committee) or schedule D-P for line 12.
